What concepts are you going to learn, or skills are you going to develop?	How will you learn the content/ develop the skill?	What evidence will you add to the portfolio to demonstrate your learning?	How will you and I assess the evidence of your learning/skills?
<p>(15%) Based on (Oral Communication): Uses clear organizational patterns and is skillful at presenting content cohesively</p>	<ul style="list-style-type: none"> • My oral communication skills are good but can be improved. I want to be able to speak fluently and cohesively for our final showcase at MOBOT. During our class discussions and trips to MOBOT throughout the semester, I plan on practicing speaking articulately. For class discussions and reflections I will spend adequate time preparing and organizing my content so that presenting it will be engaging. 	<ul style="list-style-type: none"> • I plan on adding our digital showcase, reflections, and any content that's involves community engagement 	<ul style="list-style-type: none"> • I will write summaries that show my current progress and what I've completed, current progress on identifying room for improvement and what artifacts/evidence I have to show active progress.
<p>(30%) Based on (Collaboration):</p>	<ul style="list-style-type: none"> • Last year, our team collaboration 	<ul style="list-style-type: none"> • I will add pictures and reflections 	<ul style="list-style-type: none"> • Having active feedback on artifacts can give

interdisciplinary perspectives.	wide range of problems while spreading awareness into a single solution.		
(10%) Based on (Ethical Reasoning): C.) Applies ethical concepts to a question and considers their full implications.	<ul style="list-style-type: none"> To address the complex problem with MOBOT and develop effective solutions, I need to consider various possibilities and weigh their potential positive and negative impacts. I will demonstrate progress toward this goal by employing ethical reasoning and outlining a detailed approach to tackling the MOBOT issue and our proposed solutions. Additionally, I will highlight the potential effects—both positive and negative—and explain how we plan to address them. 	<ul style="list-style-type: none"> I will add documents, notes, reflections, and our final showcase to my portfolio. 	Regular feedback from peers, or stakeholders, along with my reflections on the progress, will help in evaluating the development of my skills. Also, we can evaluate how effectively I consider the ethical implications of the solutions I propose. This includes identifying potential positive and negative impacts and demonstrating thoughtful reasoning on how to address them.
