

How are we making the QR code?

- stickers?
- sticker maker?

How many plants are in the Garden Indigenous to Missouri vs the Midwest?

One platform for the QR codes?

How could we combine the two groups the both want to do the QR code scavenger hunt?

click what they want?

how many plants should have QR CODES?

How to make a pretty pamphlet that is interactive.

pamphlet - sticker page

map page -  
sticker as you  
go

Yarrow (natural bandaid)  
(antibact)  
(antifungal)  
(all year)

Native  
efficacious  
- all NA use it making it

anything low to ground will stay  
woody

Rattlesnake  
master

cures rattlesnake  
bites

Mo. coneflower  
echinacea

Sumak  
native  
produce heads

red spice  
(tart citrusy)

take seed heads  
and make into  
pink lemonade  
(let sit in sun)

spice bush  
fall turn bright  
yellow

branch & berries  
smell

glade garden  
biosphere in  
MO  
rocky  
(own desert)

Downy skullcap

used as relaxant

tea

teasaine

most medicines are  
made by soaking in  
H<sub>2</sub>O

When you take  
plants out of  
traditional uses  
they have side effects

persimmons

fruit tree

grow all over

frost

- they drop

smaller than

Asian areas

can see groves  
in Native Ame.  
culture

Witch hazel

Flowers in winter

take bark

soak in  
alcohol  
and  
H<sub>2</sub>O

↑ makes  
Witch  
hazel

leaves turn  
brown but  
stay on

How can we  
guarantee the  
forefront voice is  
not western, but is  
instead indigenous?

What indigenous resources  
does the Garden currently  
present?
