

Outreach Subgroup (TaKara, Karmen, Zina, Cullen, JB) Focus Group with Sean's Education Department

Overarching question: How can we implement an outreach program to the neighboring schools and local Saint Louis area to educate individuals about the MOBOT Garden and Slavery?

Focus Group Questions:

- 1) In what ways do you think we can educate the public about the history of enslavement?
- 2) For individuals who want to learn more about the history of enslavement in the gardens, how can we make that knowledge more accessible?
- 3) How can the history of enslavement be prominent on the website?
- 4) When it comes to educating the youth about Shaw's participation in enslavement, is there anything inhibiting the action of implementing outreach programs in schools?
- 5) What do you think will motivate participants of the outreach programs to engage with information about the history of enslavement in MOBOT? (How are they going to market it)
- 6) If there is backlash about programs about enslavement, what do you think the response should be?
