# MENTORING EXPECTATIONS

## FOR MENTORS

- Structure
- Educational time with students
- Orgnaization

## FOR MENTEES

- High attendance
- Good engagement
- Attentiveness
- Eagerness to learn

NCNW

# MENTORING REALITY

OUR GOAL IS TO PROVIDE STUDENTS WITH SOMEONE THEY CAN LEARN FROM. THROUGHOUT THE MENTORING PROGRAM WE PROVIDED MANY WAYS IN WHICH THE MENTEES CAN LEARN AS WELL AS THE MENTORS:

## REALITY OF MENTORING

- The attendance varied throughout the weeks, which we had to learn to adapt to
- Discussed five-year plans, financial strategies, and team bonding.
- Helped mentees with homework
- Self-exploration

# SURVEY

Our survey aimed to:

- Determine individuals' involvement and knowledge of mentorship.
- Identify reasons why some have yet to engage in mentorship.
- Improve our own mentoring programs based on feedback.

Through this survey, we look to:

- Understand the current state of mentoring techniques.
- Identify areas for improvement.
- Tailor our mentorship strategies to meet the needs of mentees better.
